Tougher than the rest!

During the 2019 edition of the Gibraltar Race, Renato Zocchi steered the X-Adv to the Class 2 victory in this especially tough 7,000-km rally from Baltic Sea to Atlantic Ocean. The seasoned off-road rider not only won his class but also put himself as seventh overall in the event, beating out the competition of purpose-built dirt bikes and adventure tourers. While the X-Adv was specially prepared with extra wheel travel and ground clearance Zocchi kept the footboards and drove its DCT version on Gravel mode. Another proof that no matter where you want to go, the X-ADV is tougher than the rest to get you there!
